

XIX Conference AIAM 2016

"New adversities and new services" for Agroecosystems"
Presentation

Each year, the **Italian Association of AgroMeteorology** organizes a conference on current research topics and practical applications in the agro-meteorological field. Over the years it has become a highly participated meeting from the Italian agro-meteorological community.

(link event)

The nineteenth edition of the AIAM Conference will be held from the **14th** to the **16th of June, 2016**, in **Bo logna**

with the title: "**New adversity and new services for Agroecosystems**

". (
